INTRODUCTION

ABOUT US

Silvadew is considered as one of the best interactive and live e-learning platform that is transforming specialized online education. We provide our clients with top quality online courses that are reinforced by online assets. We offer to professionals the flexibility to learn at their own location and time, even from the comfort of their mobile gadgets. Our online courses are creatively curated by professionals who monitor IT industry and respond to requirements, changes and expectations from the IT industry and integrate them into our online courses.

CORE VALUE OF SILVADEW TRAINING

Organic growth

Our focus is to mentor all our trainees to attain a growth rate where a company can achieve the best and most knowledgeable employees for a better productivity. In basic terms, it's the expansion of a firm using qualified and highly trained personnel to boost productivity and profitability.

Increased productivity and performance

When trainees complete Silvadew training, it improves their skills and knowledge of the job and builds their confidence in their abilities. This will improve their performance and make them work more efficiently and effectively.

Boosted morale

Most people we help either by coaching or training programs feel like their acquired knowledge grants them the ability to be part of a work environment where they are appreciated. This mindset helps boost their morale and makes them approach their job duties with more self-confidence.

VISION, IMPACT & FREEDOM:

Vision: We make learning affordable, interesting, easy and accessible to billions of learners in different parts of the world. Our learning platform comprises of distinctive learning methodology of online courses along with 24/7 online support.

Impact: We thrive when our clients thrive from attending our online courses. Our career services and job search services are available to help prepare you for possible interview and job search respectively.

Freedom: Our platform has an interactive approach to it. We provide an intuitive business education platform which make it easy for all our students chat regarding the topic of their interest. We provide 24/7 support services to all our users.

POWER UP YOUR MIND

Have Silvadew deliver exactly the training you or your team needs. All online!

LEVERAGING TECHNOLOGY:

At Silvadew IT, we specialize in leveraging existing technologies effectively by empowering our Trainers with advanced and user-friendly training platforms. We enhance learning experiences, improve training engagement, and ensure that training programs are scalable and accessible. Our advanced training portal consists of **Course Management UI, Trainee Progress Tracking, Communication tools, Online Collaboration Tools**, etc.

UP-SKILLING/RE-SKILLING:

As the demand for new capabilities within an organization grows, upskilling and reskilling can help you or your team develop skills needed to be at a competitive advantage. Our training strategies are a journey tailored to you or your team's goals and schedule, leading you to success with the technologies you need to master. Upskilling and reskilling can also allow you and your team to identify limiting gaps, behavior, and beliefs that could obstruct job performance.

BOOSTED MORALE:

Most people we help either by coaching or training programs feels like their acquired knowledge grants them the ability to be part of a work environment where they are appreciated. This mindset helps boost their morale and make them approach their job duties with more self-confidence.

Investing in training leads to:

- More productive employees
 - Greater employee retention
 - A more agile workforce that is better able to respond to new opportunities and challenges
- Silvadew offers training on a variety of additional topics. If you did not find what you're looking for in our other sections, we hope you will find it here.

ORGANIC GROWTH:

Our focus is to mentor all our trainees to attain a growth rate where a company can achieve the best and most knowledgeable employees for better productivity. In basic terms, it's the expansion of a firm using qualified and highly trained personnel to boost productivity and profitability.
